

RAINBOW WARRIOR invitation - inside

invitation

NAME OF THE EVENT

location and information of the venue
1st May 2012

Main invite line with info

□ Ride a bike

Bikes take up very little room and use no fuel. They're quiet, they're clean and they keep you fit. Don't give up if your area doesn't have the proper infrastructure to make cycling safe. Support or start local initiatives for the construction of bike lanes and bike racks.

□ Use public transport

Buses and trains are three times more fuel-efficient than private cars.

Some kind of closure,

Greenpeace Rainbow Warrior crew.
